Unfortunately for the small piece of royalty, when King Humbert heard of his threat he condemned the young hot-head to eight days arrest in his chamber, to the withdrawal of his honors at table and to the forfeiture of military salutes for a definite period.

A STRANGE cat has cost a Nevada miner a fortune. While he was sinking a shaft in Iowa Gulch with the most sanguine expectations, he found a dead cat in his shaft. Being a superstitious man, he laid it upon it as an evil omen. The thought distressed him; he could not work, and after many vain efforts, he finally threw down his tools and concluded that he would go down and try to invert his mind a little. Accordingly he went to town, where he got as drunk as a lamp-hopper, and continued so for several days. Meanwhile some men who had started a hole close to his shaft struck mineral and surveyed him in, whereby he lost a fortune.

ported to date, 350, deaths 50. In addition to
these there have been about 20 cases and 5
deaths of Memphis refugees in six miles out of
Memphis. At least 30,000 persons have left
the city, and 7 miles from Memphis. The Howard as-
sociation have under their charge 140 sick; of
them 100 are white, 30 colored. They have
134 nurses on duty. At Waverly, Miss., a
fatal case of yellow fever occurred, producing
a good deal of excitement.

The Care of Hares.

The first point to observe is to keep
the hares dry. If they are wet, they will
die. If they are kept dry, they will live.

the new road is now laid about eighteen
miles and that men are at work laying
it out to the west. He also informs us

Steeple Eye Wide-Awake. On Sunday
evening, August 3d, E. P. Lesueur, of
Canby, his wife and two children were
killed by lightning. The woman and
children were killed outright and Mr.
Lesueur's life is despaired of. It will be
remembered that Mr. Lesueur and family
removed to Canby some years ago and
established the Lesueur House. Mr. Le-
sueur was considered to be an excellent
and accommodating landlord, a highly re-
spected citizen and the loss will be great
felt by the people of Canby and vicinity.

Wabasha County.
On Sunday, July 27, 150 hard hand-
laid men were employed in the clearing

very well.

Clay County.
The Clay county Advocate says the
wheat crop of that county will be the
largest ever harvested since the first seed
was sown.

Moorehead Advocate. A train of five
cars standing on the side track near the
depot, had an escape of steam, and the
locomotive was damaged. By some means
they received a momentum and started down
the levee at the rate of twenty miles an
hour, smashing up things considerably.

The cars contained a load of lumber, etc.
E. M. Zeller, of Moorehead, in a dispute
with a disreputable loafer named John
Hutchinson, was shot by the latter. He
fired two pistol shots one of which struck
Zeller in the chest, passing through the
windpipe, and into the back part of the
neck. The desperado was arrested.

It is thought the wounded man may sur-
vive.

Rice County.
Eddy Reed, the son of David Reed, of
Fairbault, was badly burned the other
day by pouring powder from a flask on
a coal fire.

Two burglars were discovered the other
night in the house of Geo. W. Batchelder,
of Fairbault, but being discovered, fled
without plunder.

Dundas News. At Godfrey's crossing,
about four miles up the river, on Sunday
last, Mr. Eliza Godfrey attempted to
ford the river with a team. When about
the middle of the stream one of the horses
went down, and being caught in the
harness, was drowned. During the struggle
the wagon went to pieces, the hind
wheels sinking to the bottom and the ox
floating off down the river with a man on
his back. It finally landed near the old
cider mill, but one of them succeeded
in swimming ashore with its dead
mate and the front wheels of the wagon.

Wednesday.
The Minnesota editors were up betimes
Wednesday morning and indulged in a 5
o'clock breakfast at the Metropolitan. Fol-
lowing this the train on the St. Paul & Sioux
city railroad was boarded, and the party
away for a 147 mile ride to Windom.

The morning was cool and pleasant, and the
weather the entire day all that could be de-
sired. The trip up the valley afforded an
opportunity for renewing old acquaintance
and making new ones, and right worthily
was improved.

The train was in charge of Conductor F.
D. Abbey and the general management was
in the hands of General Ticket Agent Dixon.
Right royally did they discharge their duties
and not a jar was visible.

A delightful run Windom was reached
in a few minutes past twelve, and the party
repaired to the Clark house, where a dinner
was served fit for a king. It was simply su-
perb, but merely in keeping with the entire
house. It contains thirty-two rooms, fur-
nished equal to any hotel in Minn-
sota, not excepting those of St.
Paul and Minneapolis.

The party were indebted to the railroad
company for supplying this repast, and it
was no wonder that everybody was good
natured and in the best of spirits, and
showing praise upon the enterprise of
John Clark.

BARNES-BARNES.
Bidding Windom adieu the return trip was
commenced, and in less than ten minutes
the train was halted three miles this side
of Windom at the model farm of Mr.
Barnes, Esq., of this city.

Mr. Barnes, a man of great attainments
and a man of great attainments, was wel-
come to the party, and he did it in a man-
ner which set every lady and gentleman at ease
in a moment. Mr. Barnes has justly earned
the title of the model stock farmer of Min-
nesota. Notwithstanding it is called a
stock farm he has 2,100 acres, over 1,000 of
which are in alfalfa, and will have an average
of twelve bushels of corn, 100 of wheat to the
acre.

In stock he has a splendid variety of horses
and cattle. His animals are partly the
pride of the State and no one man in the
State is doing so much to improve the stock
of this region as Mr. Barnes. He has here
a fine lot of horses, two stories high, most
admirably arranged and excellently
ventilated. His cattle barn is 60x40, two
stories high, and his short horn barn 20x30,
one and a half stories high. He has
in addition sheds 20x140 in extent. The
barns are well painted and enclosed
with a substantial fence. The party went
through these buildings, after which Mr.
Barnes exhibited in the barn yard (heaps of
stock he is producing, showing horses
ranging from one thousand to twenty-five
thousand dollars in value. His short horn
cattle exhibited with pride, and he has
reason to be proud of them. He has five
hundred head of cattle of all grades.

After inspecting the animals, Mr. Barnes,
who is the prince of entertainers, set forth
the beauties in a manner and style which
fairly overwhelmed his guests.

St. Paul was reached on the return trip
a few minutes before 4 o'clock. A
train of five minutes to pass the train
and the party were whirling away to Lake
Elmo, where, a few minutes later, they were
in the spacious dining hall of the hotel,
enjoying a first class supper. The in-
tention had been to arrive at Elmo at 8 p. m.,
but the party were an hour and twenty min-
utes late.

CHASKA, MINNESOTA, THURSDAY, AUG 14, 1879

NUMBER 48

The Valley Herald.
Official County Paper.

PUBLISHED EVERY THURSDAY BY
A. L. AND F. E. DU TOIT,
Editors and Publishers.

COUNTY OFFICERS:

Treasurer—Peter Weego.
Auditor—L. Strecken.
Register of Deeds—E. Greiner.
Sheriff—F. E. Du Toit.
Clerk of Court—G. Kravenshult.
Attorney—L. L. Baxter.
Surveyor—H. J. Chevre.
Judge of Probate—J. A. Sargent.
School Superintendent—Wm. Benson.
Coroner—R. H. Miller.
County Commissioners—S. B. Kohler, Chairman, Jacob Traue, Frederick Litz, A. J. Carlson, Adam Hill.

The Republican State Convention has been called to meet at St. Paul, on Tuesday the 2nd day of September, for the purpose of nominating a State Ticket. Carver County is entitled to three delegates.

It looks very much as if Co. Supt. Benson, would be a candidate for re-election. He threw out a strong feeling in the last issue of the FREE PRESS in a long article on county politics.

We seem to be an "eyesore" to the FREE PRESS, hardly a week passes but what they attack us. Drum head, we have broad shoulders and can stand it.

In reply to the mean little squib that appeared in last week's FREE PRESS, referring to Col. Batters connection with the HERALD Mr. C. L. Batters says it is in keeping with the individual that runs the concern.

EXTENSIVE preparations are being made for the State Fair which is to be held in St. Paul on the 1, 2, 3, 4, 5 and 6. Circulars and premium lists are being sent to all parts of the State; and every one seems to take an interest in it. This is the 21st annual fair, and every one should do all in their power to make it the grandest exhibition ever held in the State.

The fashionable world is stirred up to the very center, by rumors of a personal encounter between ex-Senator Sprague, of Rhode Island and Senator Roscoe Conkling, of New York, also recent of Mrs. Sprague. The ex-Senator thinks the gay New York Senator is paying altogether too much attention to his pretty wife. The end is not yet.

Our neighboring moral city of Shakopee, is enjoying a first class scandal. Prof. Theo. Fristum, principal of the high school of that city is the center of attraction. It seems he left Ireland some 10 years ago, came to America and enlisted in the U. S. Regular Army, serving a term of 5 years. He left a wife and three children in the old country, and forgetting his martial vows, married a Miss Pearle in the year 1879. His first wife recently got track of her recreant "big game" and sent a letter informing the community of the fact. It is needless to say that the Professor took the first train east headed for Ireland. His second wife has the sympathy of a large circle of devoted friends, who are kindly extending her a helping hand.

CARVER CITY, MINN.

ED HERALD, CHASKA.
As I am a constant reader of the HERALD and as I seldom see anything in your columns coming from or concerning our village, I will, with your permission give you a few items from this, one of the chief towns of our county.

In the first place, our village is prospering finely, all our business men seem to be making money, our stores being well filled with goods, & look for a rushing fall trade. Our "Machine or Agricultural men" have just wound up a large summer trade. One firm alone that of Habesien and Peterson having made sales since January 1st amounting to over \$30,000, it is a well known fact that this firm is the leading one in this line, and it is also well known that the senior partner John Habesien, is the best and most successful salesman in machinery, that travels the country, he is a gentleman in all respects, popular and obliging. This firm also runs a well fitted, Hardware Store in this place with a branch at Norwood, with our friend Jacob Krause, as a partner. H. R. Denny is also a prominent dealer in hardware and shell goods, doing a good business and carrying a fine stock. Mr. D., is also ex-

press agent, is our obliging post-master and we hope will be nominated as Lt. Governor, he being one of the most prominent candidates mentioned. John Funk is dealing very extensively in hardware and lumber, is an old dealer and one of the solid men of the place.

Among the heavy dealers in general merchandise is Mr. A. Jassoy, who holds forth in Waltons old stand. Mr. Jassoy is a first class business man, carries a good stock, is popular and obliging and is doing a good trade. Next we find Bristle and Bengtson two enterprising young men, who by strict attention to business, and honorable dealing have built up a good trade.—Christ is an old settler well liked, and deserves success. Holmes and Anderson is an old firm, and managed by A. G. Anderson, which is a sure guarantee that the firm is a prosperous one. Our friend John Sundine, who was formerly a member of the firm of Holmes, Anderson and Sundine has bought the brick building next to the Temperance Hotel, and has fitted it up in good shape, and will at once put in a full stock of dry goods, boots and shoes, clothing &c. John is a first class business man, and is sure to have his share of the trade, which he deserves. Now we find that enterprising young man John S. Nelson, who succeeded Geo. A. DuToit in the drug business, he has a complete stock of goods, and is making money, he makes a specialty of Paints, Oils, Glass, doors and sash. Johnnie is popular and accommodating. And we must not forget to mention that well known dealer in all kinds of goods from a "fish hook to a brass drum," Christ Goetz; he has on hand a fine and well assorted stock, is selling cheap and doing well as he should. Chris is dealing in fruits quite extensively and should be patronized. A. M. Swenson, one of the most "go ahead" men in the place, is a heavy dealer in boots and shoes, furniture &c. He has been very successful in all his business transactions and consequently accumulated a competency, he is also owner of the "Carver Carding and Feed Mill" which he operates himself.

We next find that live firm Holm and Johnson, successors to P. T. Thorsen. They have the finest stock of groceries in town, making that time of goods a specialty. They are both good business men honest and reliable, and have an extensive trade—we predict for their success.

Among the most prominent citizens of our beautiful village, is C. A. Blomquist, the proprietor of that well known hotel, the "Planters." Charley is so well and favorably known to our people, that it is useless for me to say anything—that he is just the man to run a good house, and to succeed, is evident from the looks of his place. The Temperance Hotel, kept by F. Strooke, is really a first class house, and is well patronized. Our old friend Peter Buttendorf, every one knows, is one of the solid men of Carver, keeps a fine place, quiet and orderly, and if you want a fine cigar or a good glass of Lager, call on Peter. Peter Michel, is the landlord of the "Farmers House," and we must say Peter is a good jolly fellow, and keeps the best liquors and cigars to be found. Peter is also Justice of the Peace, and in fact one of the leading men of the town. We next find Louis Larson, who has charge of the Railroad Hotel, near the elevator. Louis is one of the most accommodating of men, has a good word for all, keeps a good assortment of wines, cigars &c. Jacob Buche, the old settler, is as well known runs a fine saloon in upper town, and is always pleased to have his old friends call and see him. We have two Physicians, Dr. Griffin, who has a fine Drug Store, and Dr. Lewis, both seem full of business. Dr. Lewis especially having a large surgical practice extending into St. Louis, McLeod and Scott Counties, we are sorry to learn that the Dr., is about leaving us, moving to your city, but are glad he is not going out of our reach.

In the legal line, Judge Warner, is a long one—he is one of the oldest and best lawyers our county affords.

Among our prominent citizens are Capt. W. H. Mills, our Senator, Capt. Chas. Johnson, L. H. Griffin, Capt. Houghton, A. Knoblach, Ed. Goetz, J. M. Troll, John Bloedel, C. D. DuWalter, A. R. Anderson, Fred Wommer, Henry Gish, H. A. Sauer, Varnum Benson, W. C. Breidenhagen, B. Hertz, our popular brewer, and H. E. Harris, photographer.

At another time I will give you an account of our village improvements &c. SAM.

Young America Items

Corn about Y. A., in first rate condition.

Our wagon manufacturing interest is flourishing.

In town recently.—W. C. Breidenhagen, Esq., of Carver, and Miss Constance DuToit, of Chaska.

A goodly number of shade trees would improve Mill Street. Their utility can't be overestimated.

Commercial agents visit our place every now and then. They are not wanting,

and always wear smiling faces.

Some days ago, the opinions of farmers about the crops were as various as the farmers themselves numerous.

Ackermann's Brewery, supplies a very good article. So say those in a position to know whereof they affirm.

Our enterprising Merchant, Mr. Hennings, paid St. Paul a visit the other day, prolonging his absence some 3 days.

The ringing of the school bell, 4 times a day, breaks in very pleasantly upon a quiet like that of the grave, which otherwise reigns.

Among the native Pennsylvanians here may be mentioned Mr. Carl Bachmann, (architect) and J. P. Croff. Did we good to see them.

Carl Bachmann, Architect, is superintending the erection of James Slocum's elevator, at Norwood. Carl knows how to push matters.

Wm. Waldo has been laying a super foundation of white oak planks in his blacksmith shop, giving the place a decidedly improved appearance.

Better drinking water than that from the well "on the hill" is not to be met with anywhere. A much frequented spot, and facetiously termed Rebecca's well by my friend R. H.

Ackermann Bros. are constantly shipping away large quantities of their 1 X L flour. This, the leading industry of the place, has already established for itself a splendid reputation, not only in our own section, but in the East.

Between this and Norwood, there is a plank crossing also, the road; in this crossing there is quite a large hole into which a horse could very readily stumble and break a leg. It wants to be looked after by the road over-seer.

Rev. Streckfoos, having received a call to another charge, it was decided, at a congregation council, held 3rd Inst., that the Pastor refuse said call. The decision was unanimous. This is now the second time the congregation has so ordered a previous call having been made last year.

Next fall a new stone foundation is to be laid under the Public School building; sadly needed, as the building stands anything but a la plumb. A few shade trees, both in front of the school-house, and along the North and South sides would be a great improvement, adding much to the beauty of the place, as the structure has an elevated position.

Here and There.

The threshers are at work.
District court meets in October.

Minnesota has secured her wheat crop.
Dr. Lewis's house is now fairly under way.

The farmers have had good weather for harvest.
To-morrow begins the prairie chicken slaughter.

The frame for the new grist mill is up and partly enclosed.
Do not neglect your teeth, have them attended to before it is too late.

Col. Baxter and Cap. Geo. Houghton, are up at Big Stone Lake, this week.
Dr. Lewis seems to be very busy at present. There is a good deal of sickness among children.

Jos. Franken has built a fine new fence in front of his residence, which materially improves its appearance.
Remember that Dr. Allen, Dentist, will be here on the 21st, 22d and 23d. days of this month to look after the welfare of your teeth.

Quite a number of people, from Chaska and Carver, visited Shakopee on Saturday to attend the circus. They returned home perfectly satisfied with their trip.

Mr. Lemons, the young man that had his foot smashed here by the cars, in July last, has so far recovered that he has been removed to his home in Hastings.

Mr. Henk, the well-known hardware man of Chaska, has sold several steam threshers this summer, which goes to show that our farmers are confident of a good yield this fall. We sincerely hope their highest expectations will be gratified.

A large load of 70,000 brick, belonging to August Lein of Carver, and destined for St. Paul, sank in the Minnesota River at this place, on Sunday morning. A total loss, there being no insurance.

Mr. Jos. Becker, who for the past two years has been engaged in the cigar business in this village, is about to leave us. Jos. leaves a host of warm friends behind him who will mourn the loss of the only genuine wag Chaska ever saw.

The roof of Geo. A. DuToit's new residence is almost completed, and is very unique and attractive.
Sheriff DuToit's hotel now contains four prisoners—all it will hold.

Important Sales.
Andrew Reberle has sold his water power custom flouring mill, situated on the creek in the rear of our village, to Wm. Lambie, of Laketown. Mr. Lambie trades his farm for the mill and also pays \$500 in cash. Mr. L. is a practical miller and expects to put the mill in good repair before starting up.

Phillip Meyer has bought half a lot near Mr. Meeder's wagon shop, of Mr. Matias Goetz, paying \$120, and is considered a bargain at those figures. It is the intention of Mr. Meyer to build a residence on said lot in a short time. Good.

For a pamphlet on Electric Treatment of chronic diseases with Electricity, which will be sent free, address the McIntosh Electric Bolt and Battery Co., 122 & 124 Jackson St. Chicago, Ill.

DIED.
We regret to learn that the Father of Hon. A. J. Carlson, of San Francisco, died at that place last week, quite suddenly. He was an old gentleman, nearly 80 years of age, and had been ill but a day or two. He was buried at the Swedish Church, the funeral sermon, we believe being preached by his son, the Rev. P. Carlson.

Red Austrian Apples.
Our old friend Ernest Poppitz, of Laketown, brought in, and placed on our sanctum table a peck of "Red Austrian Apples," being the first crop he has raised, although the trees were planted 21 years ago. The apples are very large, red, and of a delicious flavor.

Runaway Accident.
On Sunday last while Mr. Christie, of Eden Prairie, was driving down Vogel's hill, opposite Shakopee, the neck-yoke strap broke letting the pole into the ground and overturning the wagon containing his wife, child, and a young lady, the three latter escaped injury, but Mr. Christie became entangled in the debris, so that he came near bleeding to death. Dr. Lewis was summoned and dressed his wounds, and on Tuesday sent him to his home.

Mrs. E. H. Lewis left last night for Washington City, being summoned there by the illness of her only brother who is dying from hemorrhage of the lungs.

J. H. O. Bryan, Esq., general Western Passenger Agt. for the St. Paul & Sioux City R.R., was in town visiting old friends last Saturday. We all rejoice in his prosperity.

Mr. W. C. Lee, of Waconia, a gentleman we always like to meet, dropped into our sanctum last Saturday and had a very pleasant chat. Call often Mr. L.

Julius Schaler, Esq., of Young America, was in town on Monday with his whole family visiting his father-in-law, Mr. Schimpf. We acknowledge a very cordial visit. Call often Julius.

Runaway Accident.
On Sunday last while Mr. Christie, of Eden Prairie, was driving down Vogel's hill, opposite Shakopee, the neck-yoke strap broke letting the pole into the ground and overturning the wagon containing his wife, child, and a young lady, the three latter escaped injury, but Mr. Christie became entangled in the debris, so that he came near bleeding to death. Dr. Lewis was summoned and dressed his wounds, and on Tuesday sent him to his home.

Mrs. E. H. Lewis left last night for Washington City, being summoned there by the illness of her only brother who is dying from hemorrhage of the lungs.

Rev. Mr. Oeter, having been unexpectedly called East, has made arrangements with Rev. Mr. Powell to officiate in his pulpit next Sunday evening. English service.

JUSTICE SUMMONS.
We have printed and have on hand 1,000 Justice Court Summons. All orders promptly attended to. Give us a call.

New Adm.—Probate notice, of the estate of Fred Harant, deceased.
Boston One Price Clothing Store, Minneapolis.

Waconia Items.

The lower story of the large addition to the Lake House, is completed and adds much to the comfort of that already popular hotel. Friend Schutz is to be congratulated.

Our old friend Wm. Habeck, buried an interesting child—daughter—6 months of age, last Tuesday morning. His family have the sympathy of the entire community.

Mr. A. C. Lassen, is recovering from a slight attack of sickness.
There is much sickness in this township among children. Mostly summer complaints.

Our farmers will finish up their stacking this week. Wheat is better than last year, but will grade mostly No. 2. Some No. 1 and 3.

Lightning struck the lightning-rod on John Smith's house, in this township, one week ago last Sunday. No damage done.

A score or more of our sportsmen left for a "chicken hunting trip," this morning. Something will have to suffer, and we rather think it will be the "red-shorts" which they took along, such as "ice water" and "lim' a ger case."

DENTISTRY.
Dr. R. F. Allen, Dentist, will visit Chaska, Thursday, Friday and Saturday every two weeks, for the purpose of looking after the welfare of your teeth. He expects to make this a permanent stopping place. Every one wanting work done will find him at the Merchants hotel.

Peevish children have worms. Dr. Jaquie's German Worm Cakes will destroy the worms and make the children happy. Sold by Jos. Franken.

A CARD OF THANKS.
I the undersigned wish to return thanks to Dr. Lewis, for his kind and prompt attendance during my sons suffering; also to his wife who so kindly watched with him. To Mr. and Mrs. Dille, of the Merchants hotel, who made our stay with them so pleasant and home-like. And to all who have aided, either in kind words or deeds. They will long be remembered. Wishing you all success and happiness, I subscribe myself

Watertown Items.
A Chinese laundryman is about to commence business here.

A number of Watertown's young ladies and gents will visit Waconia lake next Sunday.

Fair day Monday last was a very creditable one, taking into consideration the busy harvest.

An unknown man was picked up in the street the other evening and found to be laboring under epilepsy. He was properly cared for by our citizens.

We have a professional in our midst who says he never gets discouraged, because he is aware that he will always be worth \$25.—(To a medical student.)

Messrs. Cunningham, Crawford and Graf three of our most promising men have purchased a Steam Threshing establishment and are now prepared to receive orders for the coming season's work. We heartily recommend these deserving and competent men to the farmers, as reliable, and ready to guarantee first-class threshing in all kinds of grain.

A few more specimens of the genuine tramp took in about all the houses in the village the other day, going East. There are a few of those fellows that could not be induced to do a day's work any sooner than one of our street corner gentry would drink water. Political oppression does not all these average bums. They claim in this free country the right to travel any public or private road and sample the victuals of the different citizens. Who knows but what some of those fellows are traveling incognito and will some day publish a book on cookery?

A stitch in time saves "nine" not more true in mending clothes than in getting farm stock through the winter. An economical and sure help is Uncle Sam's Condition Powder. It restores the sick, strengthens the weak, improves the appetite and will keep the stock in a thriving condition, for it supplies the valued qualities in grass. Sold by all Druggists.

Here and There.

The threshers are at work.

District court meets in October.

Minnesota has secured her wheat crop.

Dr. Lewis's house is not fairly under way.

The farmers have had good weather for harvest.

To-morrow begins the prairie chicken slaughter.

The frame for the new grist mill is up and partly enclosed.

Do not neglect your teeth, have them attended to before it is too late.

Col. Baxter and Cap. Geo. Houghton are up at Big Stone Lake, this week.

Dr. Lewis seems to be very busy at present. There is a good deal of sickness among children.

Jos. Franken has built a fine new fence in front of his residence, which material improves its appearance.

Remember that Dr. Allen, Dentist, will be here on the 21st, 22nd and 23rd days of this month to look after the welfare of your teeth.

Quite a number of people, from Chaska and Carver, visited Shakopee on Saturday to attend the circus. They returned home perfectly satisfied with their trip.

Mr. Lemons, the young man that had his foot smashed here, by the cars, in July last, has so far recovered that he has been removed to his home in Hastings.

Mr. Henk, the well-known hardware man of Chaska, has sold several steam threshers this summer, which goes to show that our farmers are confident of a good yield this fall. We sincerely hope their highest expectations will be gratified.

A large loaded with 70,000 bricks, belonging to August Lein of Carver, and destined for St. Paul, sank in the Minnesota River at this place, on Sunday morning. A total loss, there being no insurance.

Mr. Jos. Becker, who for the past two years has been engaged in the cigar business in this village, is about to leave us. Jos. leaves a host of warm friends behind him who will mourn the loss of the only genuine wag Chaska ever saw.

The roof of Geo. A. DuToit's new residence is almost completed, and is very unique and attractive.

Sheriff DuToit's hotel now contains four prisoners—all it will hold.

Important Sales.

Andrew Rodier has sold his water power custom flouring mill, situated on the creek in the rear of our village, to Wm. Lambie, of Lakewood. Mr. Lambie trades his farm for the mill and also pays \$300, in cash. Mr. L. is a practical miller and expects to put the mill in good repair before starting up.

Phillip Meyer has bought half a lot near Mr. Meador's wagon shop, of Mr. Mathias Goetz, paying \$130, and is considered a bargain at those figures. It is the intention of Mr. Meyer to build a residence on said lot in a short time. Good.

For a pamphlet on Electric Treatment of chronic diseases with Electricity, which will be sent free, address the McIntosh Electric Belt and Battery Co., 192 & 194 Jackson St. Chicago, Ill.

DIED.

We regret to learn that the Father of Hon. A. J. Carlson, of San Francisco, died at that place last week, quite suddenly. He was an old gentleman, nearly 80 years of age, and had been ill but a day or two. He was buried at the Swede Church, the funeral sermon, we believe being preached by his son, the Rev. P. Carlson.

Red Austrian Apple.

Our old friend Ernest Poppitz, of Lakewood, brought in, and placed on our sanctum table a peck of "Red Austrian Apples," being the first crop he has raised. Although the trees were planted 21 years ago. The apples are very large, red, and of a delicious flavor.

Full particulars of the Sprague-Conkling affair, on our second page, inside columns.

Our friend of the Angus is slightly mistaken in saying we sent a "man" to the County Jail of that County. It was a woman and was only sent on account of having no separate apartment for that kind of prisoners.

We do not aspire to that honor, friend Henry—but in after years, if we should master our "greenness," and if we should distance Eli, then, and not till then will we be ready to compete with the Angus for the belt.

STEVENS of the Shakopee CORNER, copies a column of items from the HERALD in its last issue giving tone and interest to that sheet. Charley you better keep up the pretence and you will have a much better paper.

The Glencoe REGISTER says every week lawyer in the State is a Pillsbury man. Cause he signed the State filler law, and killed the other act in the interest of farmers.

It is more than five months since the legislature adjourned, and the laws are not yet sent out from the secretary's office. Is this not a conclusive argument in favor of the newspaper publication?—St. Cloud Times.

Our county fair will be held at Carver on Friday and Saturday, September 26th and 27th 1879. The premium lists are already out and have an attractive array of premiums. We hope it will be a success.

The Sprague-Conkling affair has been the sensation of the country the past two weeks on account of the prominence of the parties. It is the general verdict of the country, that Sprague served the Senator right.

The DENNY stock is booming up all over the State. He will go into the convention with a very strong backing, and nothing but "bargain and dickie" will prevent his nomination.

We would respectfully inform the editor of the Carver Press, that we are not running the republican campaign, and only expressed our personal preference as between Pillsbury and Wakefield for Governor. We have been acquainted with Mr. Wakefield for 18 years and always found him a gentleman in all relations of life.

The State Prison Ring are working like beavers to ensure Charles Gilman the nomination for lieutenant-governor. Panscos EXON.

Yes, and Pillsbury is supported for a nomination to the governorship by the wheat ring and the Insane Asylum ring—and they are powerful.

The Glencoe REGISTER says: "The State has been pretty thoroughly denegated with the republican net, and we have before us an admirable assortment of gubernatorial fish from which to select. The Wakefield whale appears at the head of the heap, and is a very plump and attractive specimen. There are numerous other healthy and vigorous varieties just below him; but, curiously enough, the bullheads and suckers and eels are all at the bottom. This, however, may be accounted for by the fact that the "ham" was commenced at St. Paul.

TAKE CARE OF THE MACHINES.

Now that harvest is over, it behooves our farmer friends to oil up and put away their machines under cover, until needed next year.

We copy the following paragraph from the St. Cloud Times on the subject.
A machine which is worth buying is worth taking care of. The rot and rust in one year, which always follows exposure to the weather, will damage a machine more than a dozen harvests. Therefore, we say, put your farm implements of all kinds under cover. Before putting them away clean and oil them well, and we will guarantee that when you bring them out for your next year's work, you will acknowledge that you have acted in a wise and profitable manner. The thriftiness of any farmer may be judged by an examination of the manner in which he cares for his machinery or stock. If we were a millionaire (which the same we are not) we wouldn't lend a dollar to a farmer who left his farm machinery lying out exposed to the weather.

—Subscribe for the HERALD the oldest paper in the county.

The "half headed charger" of the Prairie, as Gov. Marshall is termed by his admirers, is charging over the state in the interest of the re-election of Gov. Pillsbury. It is supposed he will be rewarded for his disinterested action, by a re-nomination as Railroad Commissioner, at a salary of \$4,000, with nothing to do. There is gnashing of teeth in the republican camp over the muddled state of affairs.

DEMOCRATIC STATE CONVENTION.

The Democratic State Convention has been called to assemble in St. Paul, on the 25th day of September, to nominate candidates to be voted for at the State election in November next. Carver County is entitled to 8 delegates. We hope to see our County fully represented in said convention and hope they will nominate a new man for Governor, a person who will be acceptable to the farmers and workmen of the state. Let us take a new departure.

Russell's Opinion.

For lieutenant-governor there are but two prominent candidates as yet—Denny and Gilman. Denny is by all odds the better man of the two for the place, reckoning from the standpoint of ability, honesty, honor, political integrity, or from any other standpoint, for that matter.—The other state officers will be parceled out among the "foreign population," probably, as there are no others who are aspirants, save for the office of attorney-general. This position is sought by Comstock, Start and Searle. The latter will probably be the nominee—allowing us to "guess"—though they are all good men.—Lake City Leader.

A Slight Mistake.

The Pioneer-Press, of a recent date, copies an item from the columns of the HERALD and credits it to the Anoka HERALD. We have no serious objection to the same, but advise our friends of the Pioneer to study Geography.

Hod. Strait the Man.

(Paraphrase Democrat)
It looks now to outsiders as though the Republican candidate for governor of Minnesota, would be the Hon. H. B. Strait, of Shakopee. Mr. Strait's taste for public life is not yet satiated, and it is evident that the Pillsbury and Wakefield elements can never harmonize so as to make the candidacy of either of them a safe investment.

Young America Items

Aug. 21st 1879.

The grasper of Mr. Julius Ackermann has called forth the praise and wonder of all who may have been so fortunate as to have seen it. There are some 20 rows of grapes set out, for the most part bearing handsomely. The grapes are of 20 different kinds. Unless something unforeseen should occur, there will be an immense yield, amply repaying Mr. A. for the care and trouble bestowed. Each row is about 25 feet long, making in the aggregate, about 400 feet of grapes set out.—The mosquitoes, especially during July, captured our town.

Not the least pleasant feature of a teacher's life,—which, as all things else, has its sunny side (the "dark clouds will oft overspread the sky")—is, when he sees his pupils bearing in their hand, for him, beautiful bouquets of garden flowers. They adorn the instructor's desk, and impart a cheering and blessed effect, both upon the teacher and his pupils. My thanks are due to parents who have been frequently remembering me in this way. Who would not love flowers?

The popularity of Mr. Julius Schaler with his fellow citizens may be judged from the fact that he has now been a school director for over 6 years, and holds his honors well. He is also president of our council, and a leading member and best singer of Pioneer Maccaroni.

Our energetic J. P. Carl Bachmann, reports "all things lovely and serene." Truly one for Y. A. Carl is always wide awake.

William Ackermann, Esq., has very nearly three hundred pigeons.
(I write "hundred" out, so you won't think I made an error)

The Flag Pole in our Public Square is 50 feet high, and was erected about 10 years ago.

Nearly all our citizens went to the late Circus at Norwood. The school children had a holiday, by order of the Board.

Latest distinguished arrival, Mr. Rich. Hebrigel, of Lakewood; Rich was warmly welcomed by his many friends here.

Why not have a Kindergarten school in the Y. A.? The German element holds the fort here. Froebel, the Founder of the Kindergarten system of Primary Education, was himself a leader in German Educational matters.

German Minneapolis and St. Paul papers circulate very extensively here. Our German fellow citizens support their papers.

pers and that without stint.

Both our English Co. papers circulate well, tho' as to which one, Herald or Free Press, has the inside track—I am unable to judge—appears to be nip and tuck.
As I don't want to bark up the wrong tree, I'll let the proper authorities decide this question.

Farmers hereabouts feel happy about the result of harvest, there are but very few dumpy, mumpish, jaw-fallen ones to be seen.

Watertown Items.

Weather less oppressive.
A healthy shower on Monday last.
Much sickness prevails in this vicinity at present.

Mr. J. B. Quinn and Miss D. Cullen, of Waverly, were visiting friends here last Sunday.

Cunningham, Crawford and Graf. have secured a practical engineer from the factory of C. Aultman & Co., Canton, Ohio, to run their threshing engine.

P. Campbell Esq., our popular merchant, talks of building a new grain house this fall. Mr. C. is badly in need of more room for his fast increasing wheat trade.

There is an old gentleman, sixty years of age, living near here, who offers to run a foot race with any man within a year of his age, two miles or more, for ten dollars. Any one wishing to engage in this enterprise, can address Johnathan LaFevre Sr. at this office.

There seems to be a very serious desire in the ranks of the democracy of this town to have the coming convention called to convene at Waconia, that being the most convenient point for the majority of the delegations. So note it be.

Real estate is in a badly demoralized condition. Prices are jumping and falling alternately with the squibs (relative to the prospective Narrow Gauge R.R.), found in the Minneapolis and St. Paul papers. O give us a rest!

Watertown offers a splendid opportunity for a stable mill, and cooper shop.—Some enterprising parties can be easily convinced by coming to see for themselves. There is also a good opening for a Tanner and Corrier.

The Union Sunday school engaged in a picnic at Lake Oke on Saturday last. There was a large congregation of little folks, and every one seemed to enjoy the bracing atmosphere on the shores of that beautiful lake. The school is in a flourishing condition and it is hoped more of our young men, and ladies will benefit by attendance each Sabbath afternoon.

On the early morning of August 16, burglars gained an entrance to the hotel at Lake Elmo, but were discovered, and made their escape, without plunder, several shots were fired at them by a watchman, as they fled, which they returned, but nobody was hurt.

At Los Angeles, J. D. Lynch and Wm. A. Spaulding, editors respectively of the *Herald* and *Express*, engaged in a shooting affray on the street. Several bystanders were wounded, but both editors are unhurt. The fight arose from an article in the *Herald* reflecting on Spaulding.

There has been a second great fire at Sergioje, Russia.

Here and There.

The "bug" of the "thrasher" can be heard in all directions.
Business is picking up. Harvest is over and our farmers are replenishing the "buttery."

Services were held in the Catholic Church last Friday, being Assumption day.
Henk sent out several new threshing machines last week, two of them having steam power attached.

Our exchanges speak of fine lucious melons, being placed upon their table by their admiring readers. Won't some of our friends remember this office?

Six new dwelling houses are in course of construction in this village—and one large flouring mill. The building season has just commenced at that.

Remember that you will be called on in October for your years subscription to the HERALD, and we expect that every man, woman and child, will be prepared to pay the printer. Don't forget it.

Jacob Hammer, Esq., the accomplished book keeper of Messrs. Linenfelser & Faber, will take his departure from Chaska, on or about Sept. 1st. George Faber, Jr., taking his place at the desk. Jacob's many friends in this city and vicinity wish him success wherever he may conclude to settle. He is a whole souled No. 1 gentleman in every respect.

Broken Wheel.
The up train on the H. & D. Railroad broke a wheel on Friday evening near Carver, and only for the slow movement of the train on the heavy up grade, no doubt serious results would have been had, as it was the train delayed about six hours.

Mrs. Xavier Vogel had her knee joint dislocated and otherwise injured by a beligerant "bug" sleep on Friday last. She is doing well under medical treatment.

C. D. DuWalter, of Carver, was severely bitten by his own dog while attempting to drive him from the shop. He has been confined to the house nearly ten days therefrom; only to day making his appearance on the streets. "Kill the dog," Dr. Lewis, has above cases in care.

Another New Dwelling.
Andrew Raderle, recently purchased a lot of Mr. Koslosky, adjoining the one he recently purchased of Mr. Martin Schmidt, and has commenced on the foundation for a new dwelling house, which he will erect this fall. In the spring he will build his new custom flouring mill, the foundation of which will be built this fall.

We are slowly, but nevertheless, surely laying the foundation for a prosperous manufacturing City. Let us keep the ball rolling.

BODY FOUND.

The body of Mrs. A. G. Zetterberg, of Carver, who was drowned, nine years ago, was found in the bottom between here and Carver, by Mr. Fink's son, last Sunday evening. Her gold finger ring, and door keys were found with the skeleton body and were recognized by Mr. Zetterberg, as belonging to his wife. The remains were carefully gathered together by her husband and placed in a coffin and interred in the cemetery.

It will be remembered by our readers, that she was drowned, together with her two children, by the capsizing of the boat containing her husband and two children, during the flood of the year 1870. The remains of the children were found shortly after the accident.

OUR HUNTERS.

BIG SALES.
Messrs. Hammer & Bierstetle, our enterprising Harness and Saddlery were firm have been doing a rushing business the past two weeks. They have disposed of six pairs heavy harness, three dozen of halters, 30 sweat collars, and ten pair of nets, besides doing a large amount of repair work—Good workmanship, "quick sales and small profit" is the secret of their success.

FALL PLOWING.
Farmers in this vicinity have commenced their fall plowing. We are pleased to learn that they are manuring well, and plowing twice. It is only by good care and hard work, that our farmers are able to raise good crops every year. Carver County always ranks No. 1, and it is on account of her intelligent farmers.

For a pamphlet, on Electric Treatment of chronic diseases with Electricity, which will be sent free, address the McIntosh Electric Belt and Battery Co., 192 & 194 Jackson St. Chicago, Ill.

THANKS.
John Schmidt wishes to state over his name that his dwelling house was recently struck by lightning, and that had it not been for the rods on the same he would probably have lost his house, together with 600 bushels of wheat stored therein. He also recommends Mr. Fred Iltis, to the people of this county, as having a first class rod and as capable of doing a good job.

DEBTORSHIP.
Dr. B. F. Allen, Dentist, will visit Chaska, Thursday, Friday and Saturday every two weeks, for the purpose of looking after the welfare of your teeth. He expects to make this a permanent stopping place. Every one wanting work done will find him at the Merchants hotel.

Jacob Lahr, of the Helvetia mill, has just had his mill thoroughly repaired, and is now ready for the fall trade. He has a first-class miller and will turn out No. 1 flour. He simply asks a trial and guarantees satisfaction.

Lake Minnetonka Excursion.
The excursion of the O. D. H. S. of this city, to Lake Minnetonka, last Sunday, was well attended. Some 50 persons formed the party. The trip around the lake on the steamer "Saney Kate" was the grand feature of the occasion. Mr. Peter Iltis, the manager, has the thanks of the party for the thoughtful manner in which he provided everything necessary to render the trip delightful.

Man with all his endowments, is in many things most foolish, he will give all that he hath for his life, but is reckless and indifferent to his health. Money To Loan.

I have Fifty Thousand Dollars to Loan on farm security in this County. For terms inquire of Geo. A. DuToit, Chaska or Carver.

RESULT OF THE HARVEST.

Several large farmers in this vicinity have threshed their grain and the result is not up to expectation, either in grade or quality.

Joseph Schindler estimates his yield at from 15 to 16 bushels per acre, an average undoubtedly of 14 bushels to the acre, and mostly No. 2 in quality.

Gerhard Deuss, is threshing and good judges place his average at 12 bushels per acre and No. 2 and 3 in quality.

We are informed by threshers that the yield around Lake Minnetonka, in the towns of Chanhassen and Laketown, will average fully 15 bushels and No. 1 and 2 in quality. Wherever the grain was cut green we hear good reports, still there is no disguising the fact that the yield has been greatly overestimated and that in the interest of the wheat speculator.

The sooner the truth is known the better for the farmer. Instead of placing the yield of the State at 42,000,000 bushels, in justice to the farming community of the State it should be placed at 25,000,000 bushels—and not one bushel more.

Corn and Oats are a splendid crop in this county. Oats will yield 45 bushels per acre, while the yield of corn will be tremendous.

COMPLIMENTARY.

Mr. August Leivermann, the bass singer, in Haverty's Pianoforte Company, who received such high encomiums from the city press in St. Paul & Minneapolis, is a brother of our well known brewer Bernard Leivermann. It is said that he ranks as one of the first bass singers in the United States.

Our city watchmaker, Lucien Diacon, has just received a large assortment of watches, clocks, jewelry, &c., which he offers for sale cheap for cash. Give him a call.

FRED GREINER, Jr. Agent

Here and There.

Wm. Seeger & Son are paying for new wheat; No. 1, 75 cts. No. 2, 70. No. 3, 62.

Jos. Ess, our enterprising wagon maker, is building quite a large store house for his buggies and wagons.

Mayor Lusk has gone to Bird Island on a business and pleasure trip combined.

Mr. J. F. Dilley and lady of the Merchants Hotel, are spending a few days at Waconia, enjoying the hospitality of Mr. Schlutz of the Lake House.

Our Auditor and Sheriff set sail for Renville County on Saturday last bound for the prairie chicken land. They remembered their friends on Monday by sending down quite a number of chickens. (We have since learned that prairie chickens sold for 20 cts. apiece at Bird Island.)

Last Sunday was quite a lively day in Chaska, there being two picnics during the day and two balls in the evening. The proprietors of the same being Peter Illis and H. Brinkhans. Both were well patronized, but Peter had the crowd as usual.

Every thing was quiet and orderly in the streets and a stranger would not have known that any thing unusual was going on.

Quite a disastrous runaway occurred here on Sunday evening last. Mr. Tesch, had driven in to Chaska so as to attend church, and had tied his team to the fence. While he was in church they took fright, and started down street at a two forty pace. They started for home and were in no way particular whether the wagon went with them or not—so they left it hanging to one of the hitching posts in front of the Drug store.

Read Mr. Slocum's "threshing price list" which appears in another column. Mr. S. is one of the enterprising merchants of the county.

The foundation for Mr. Rederlee's new brick dwelling house is completed, and work will be commenced on the main structure next week.

The frame for Dr. Lewis new dwelling house is up and almost enclosed. It will be veneered with brick and will make a tasty dwelling. Theo. Kenning is the builder.

Our fishing party of last Saturday caught exactly two hollander herring, a ducking and a bad cold, and came home disgusted, but we all had a piece. Try once more boys!

Elderberries now and forever! Our friend Peter (whose christian name is Lothario) brings in a load every day and says he is going to berry the town all over.

Good for Peter.

Our friend James F. (sometimes known as Bascom) went to Waconia to catch a fish, but caught only a "cover" fish. Stay at home James, you'll do better.

It is reported that our old friend Coroner Miller, of Benton, attended the Republican County convention held at Waconia last Tuesday. A new departure, Eh!

Money To Loan.

I have Fifty Thousand Dollars to Loan on farm security in this County. For terms inquire of Geo. A. DuToit, Chaska or Carver.

Wheat Yield.

F. Goldschmidt, of Laketown, threshed last week and reports a yield of between 15 to 18 bushels per acre and No. 1 and 2 in quality. He also says that most of his neighbors report about the same yield—which is better than we expected last week.

Man with all his endowments, is in many things most foolish, he will give all that he has for his life, but is reckless and indifferent to his health. He will grapple with who steals his purse, yes will die with a cough and cold and finally go into consumption, when such a sure remedy as Elder's Extract of Tar and Wild Cherry can be easily obtained. It performs rapid cures, gains friends at every trial, and is invaluable in bronchial and lung diseases. It is a safeguard for all, from the babe to the venerable and health will be restored by its timely use. No family that has need it will be without it. Sold by all Druggists.

STEAM THRASHER.

I wish to inform my friends of this County, that I employed the steam thrasher of Peter Wiley and Anton Shuler, to thresh my grain, and from the satisfactory manner in which they done their work I wish to add my testimony. They have a first class engine and separator and a No. 1 engineer, and I cordially recommend them to the people of this county wishing to have a first class job of threshing done. I also thank all those who helped me during my threshing season.

F. GOLDSCHMIDT.

For every ache, pain and bruise on man or beast Uncle Sam's Nerve and Bone Liniment is the Balm. Sold by all Druggists.

DIED.

In Watertown on Saturday the 23rd inst. of consumption, Charles Moers, son of Egeus Moers Esq. Charles was a young man possessed of many estimable qualities, who was loved and esteemed by a large circle of relatives and friends. He was just upon the threshold of manhood, being in his 21st year, and his early death, although not unexpected, has caused great grief in the community, in which he resided. He was buried on Monday last, and his remains were followed to their last place by a large concourse of friends.

Justice Court.

On Saturday last a warrant was issued on complaint of Henry Deisser, for the arrest of Vinzenz Kreuger of Waconia, charged with assault battery. The defendant was arraigned before Justice Dilley on Monday, and pleaded "guilty," whereupon payment of a fine and costs amounting to twenty seven dollars the defendant was discharged.

Fred Salter's New York Cheese has arrived. Any person wishing a No. 1 article should give Fred a call.

New Granary.

We are pleased to learn that our old friend Christ Thamer, of Dahlgren has found it necessary to build a new granary. He has lumber on the ground for a building 16 x 30, 12 foot posts and will hold over 2,000 bushels of grain. Theo. Kenning is the builder.

Renville County.

We made a short trip to this county the past week and were greatly surprised with what we saw. We visited our old Carver County friends and found them happy and contented in their new homes. Messrs. Chas. Kenning, Ferd Wolff, Phil. Kirchner, Henry Wolff, Geo. Raiz, and others were visited personally and found to have good farms and excellent crops, considering the time they have been in the county.

Bird Island, the trading point, is a thriving young village of some 200 inhabitants with good stores and with a good future in view. We should not be surprised if it became one of the important points on the line of the H. & D. Railroad—everything points that way.

ETIERS MILL.

This new mill started up last week, and every thing was found to be in perfect running order—which is a very high compliment to Mr. Willford's workmanship.

Mr. E. has engaged a first-class miller and is now enabled to turn out as good flour as is ground in the State. If you don't believe it give him a trial.
